Mr. L. K. White  
Deputy Director  
Central Intelligence Agency  
Washington 25, D. C.

Dear Mr. White:

This will acknowledge receipt of your letter of March 16, addressed to the Commissioner, Public Buildings Service, requesting space in the Matome Building, 1717 H. Street, N. W., now occupied by the Atomic Energy Commission.

The problem of space allocation in the Washington area during fiscal year 1958 is a critical one and we are at present making a thorough study of all anticipated requirements. We are unable at this time to finalize any plans due to the potential cuts which may be made by the Congress in appropriation requests.

We regret that we are unable to offer any encouragement at this time as to 1717 H. Street, however, your request has been forwarded to the regional office for study and consideration. In the meantime, Mr. Ement, Agency Services Coordinator, PBE, will discuss this and other requirements with your staff.

Sincerely yours

(SIGNED) WILLIAM A. SCHMIDT
